- Led by Philippe Eigenmann
- Joint Pediatric Section, Clemens von Pirquet Foundation activity
- Taskforce met November 2012 and position paper was published in PAI in April this year

TF: Pediatric Rhinitis

- Led by Graham Roberts
- Joint activity: Pediatric, ENT and Asthma Sections
- Position paper written, submitted and now responding to reviewers’ comment

TF: Contact Dermatitis in Children

- Odilija Rudzeviciene & Susanne Halken are the Pediatric Section representatives on this activity
- Paper published in PAI

TF: Allergy and Asthma Prevention

- Led by Antonio Nieto & Angel Mazon
- Joint Pediatric Section, Clemens von Pirquet Foundation activity
- Taskforce met in Valencia May 2013 and position paper is currently being drafted for submission to PAI

ETC-PA report 2013

Training Program

Training Syllabus
- Approved ETC-PA (June 2011 – Istanbul)
- Approved EBP-EAP (December 2011 – Brussels)

Curriculum
- Proposed ETC-PA (June 2012 – Geneva)
- To be submitted to ETC – PA (June 2013 – Milan)
- Aiming to be submitted to EBP-EAP (December 2013 – Brussels)

Evaluation
- In Training Evaluation (in discussion)
- Summative evaluation – European PA Exam (in discussion)
Status on certification of Pediatric Allergologists in Europe (June 2013)

New Specialists
Ireland - 2
Spain - 3
Sweden - 1

Total June 2013: 350

ETC-PA report 2013

Centre Visitation

Spain
Five Centres visited - 2008
Initiation of formal training in PA according to European Standards - 2010
National PA Exam (first in July 2012)
Initiation of national visitation program according to European standards - 2013

Sweden
Six Centres visited – 2011
Renegotiation of training contracts
More formal training evaluation
More training in allergy diagnostic techniques

Impact of the visitation on training in Spain and Sweden

- Definition of requirements for centre certification
- Definition of centre assessment questionnaires
- Implementation of the training Syllabus
- Clinical and teaching quality improvement of European training Centres
- Image improvement of European PA
- Better organization of PA training in the different countries

PEDiatric ALLergY AND IMMUNOLOGY JOURNAL (PAI)
Submit to PAI!

The worldwide leading Journal in Pediatric Allergy
IF 2012: 3.376

4. JMA – PAI Collaboration

- Announcement and Promotion
  - www.eaaci.org, EAACI, Wiley Website, Press
- Collaboration with national networks
  - Meeting interested JMA for contribution in future initiatives (e.g. translations)
- Scientific Reviews in PAI
  - JMAs supervised by senior scientists, 2 reviews submitted, 1 in peer review
- JMAs as reviewers
  - 13 JMAs have already submitted peer reviews, good R-Scores (average 2.8)
- JMAs must read papers and translations
  - 16 articles selected, flagged in table of contents (online and in printed version)
  - 7 abstracts translated in up to 14 languages, available on eaaci.net & Wiley website
- Webcast
  - 1,860 € of the 2012 JMA budget for the webcast production of reviews and original papers
  - Pilot project: Webcast of the “Allergy Diagnosis” EAACI Position Paper, work in progress (Prof. Eigenmann)

News from the Pediatric Section

- News from the Pediatric Section
  - Updates on recent developments in pediatric allergy and immunology
  - Expert opinions and clinical guidelines
  - Case reports and patient stories
  - Research updates and new findings
  - Educational resources and interactive tools
