2. Copenhagen 2014 Update

EAACI 2014 Website to be launched during EAACI-WAO 2013: www.eaaci2014.org

SPC Meeting on Saturday, 22 June 2013
Abstract submission deadline: 15 January 2014
Marathon Meeting: 21-22 February 2014

- Venue is the **Bella Center** – well-known for hosting large events. Near to airport and quick connection downtown with the Metro (the Bella Center has its own metro stop)
- Headquarters hotel is the **Bella Hotel** (connected to the Bella Center) – largest hotel in Scandinavia
2. Copenhagen 2014 Update

- Founder Sponsors have already chosen their Exhibition Booths. MEDA have pre-reserved two Company Lunchtime Symposia. ALK have pre-reserved lanyard sponsorship. Sales to non-Founder Sponsors open on 24 June (Monday)

- Danish restrictions on the promotion of pharmaceuticals means that those who do not have licenses in Denmark cannot promote their products and will have corporate booths – some disquiet about this among Founder Sponsors.

- National Society beer and pancake evening planned at the Copenhagen City Hall prior to JMA Event on Tuesday

- EAACI 2014 promoted at EAACI-WAO 2013: Wonderful Copenhagen booth in high traffic location; Danish sausages at Closing Ceremony
3. Barcelona 2015 Update

- **Chairs:** Tomás Chivato Pérez and Vicky Cardona
- **Site visit completed in early June.** Negotiations continuing but Barcelona Fira preferred venue for space, cost and organisational reasons: space more flexible for different sizes of rooms, good flow with possibility to direct attendees through the Exhibition Hall to get to the Plenary Room; more professional team than CCIB; better possibilities in the event of rain for the Welcome Reception
- **Proposed date:** 13-17 June 2015
- **Planning to begin over Summer for 2016 and 2017 locations**
4. Focused Meeting Update

PAAM 2013 Athens: 17 - 19 October 2013

President’s Note

Dear Nick Winn,

Last week, I had the chance to meet with the EAACI Board of Officers. These meetings are incredibly productive in finding out exactly where the Academy stands and what we need to do to continue to improve. Finding constructive ways to progress is an essential ingredient for success and as I reach the end of my Presidency, I hope to leave the Academy in a strong position going forward. I enjoyed meeting and discussing ideas at the EAACI HQ in Zurich and thank all of those involved for their continued efforts for the success of the Academy.

Report of the mandatory auditors
to the management of

European Academy of Allergy and Clinical Immunology

As mandatory auditors, we have audited the financial statements (balance sheet and income statement) of European Academy of Allergy and Clinical Immunology for the year ended 31 December 2012.

These financial statements (balance sheet and income statement) are the responsibility of the board of directors.

Our responsibility is to express an opinion on these financial statements based on our audit. Our audit was conducted in accordance with auditing standards promulgated by the Swiss profession, which require that an audit be planned and performed to obtain reasonable assurance about whether the financial statements are free from material misstatement. We have examined on a test basis evidence supporting the amounts and disclosures in the financial statements. We have also assessed the accounting principles used, significant estimates made and the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the accounting records and financial statements (balance sheet and income statement) comply with Swiss law.
