### **Organisation**

EAACI President: Antonella Muraro

### **Founded**

1956, in Florence

### **EAACI Mission**

The Academy shall be a non-profit organisation with a Mission to:

- \* Promoting basic and clinical research
- \* Collecting, assessing and diffusing scientific information
- \* Being a scientific reference body for other scientific, health and political organisations and an advocate towards political organisation and the general public
- \* Encouraging and providing training, continuous education and professional development
- \* Collaborating with patients and lay organisations in the area of allergy and clinical immunology

## **EAACI Vision**

The Vision of the Academy is to lead the way towards better understanding, improved management and eventual cure of allergies, asthma and immunological diseases.

## **EAACI Congresses**

Featuring extensive multi-day scientific programmes, with 7,000-8,000 international participating delegates, providing in-depth understanding and discussion within targeted medical communities on topics such as:

- \* Asthma
- \* Drug Hypersensitivity
- \* Pediatric Allergy
- \* Molecular Allergology
- \* Allergic Rhinitis
- \* Basic Immunology
- \* Food Allergy

## **EAACI Task Forces**

Producing position papers on cutting-edge scientific developments and emerging knowledge on controversial and current allergy-related topics such as the effects of climate change on respiratory allergic diseases.

## **EAACI Allergy Schools**

Training and educating Europe's motivated young medical specialists in a highly interactive and effective social networking environment.

## **Continuing Medical Education (CME)**

EAACI congresses and schools provide CME credits to participants. EAACI also works as an umbrella organisation for accreditation of external scientific and educational events.

## **EAACI Fellowships**

Every year, fellowships are awarded to junior members interested in increasing their knowledge and skills at Europe's leading scientific institutions.

### **EAACI International Journals**

- \* [Allergy](#) (Impact Factor of 6.028)
- \* [Pediatric Allergy and Immunology](#) (Impact Factor of 3.397)
- \* [Clinical and Translational Allergy](#) (open-access Journal)
