The EAACI Headquarters serves not only as a Secretariat which deals with the day to day running of a large Society with more than 9,000 active members but also as an information centre for Members, National Societies, Congress Organisers, Companies etc.
Here you can receive information on all activities within EAACI as well as more member oriented business issues like:

- EAACI Membership
- Annual Congresses
- Allergy Schools
- Educational Grants
- EAACI Continuing Medical Education (CME)

The EAACI Headquarters is also available to assist members in contacting the EAACI Executive Committee Members or other EAACI colleagues by providing contact details upon request. The membership directory is also kept up-to-date on the Members Area, which is accessible to all active members and has recently been improved to allow members to search per member type, country, section etc.

The EAACI Headquarters is open during office hours Monday to Friday for help with your enquires.
