EAACI Allergy School Insect Venom Allergy and Mastocytosis

11 - 13 April 2019
Groningen, the Netherlands

Preliminary Programme

Thursday, 11 April 2019

- | | |
|----------------------|---|
| 12:00 - 14:00 | Registration |
| 14:00 - 14:15 | Welcome address
<i>Hanneke Oude-Elberink, The Netherlands Dario Antolin Amerigo, Spain</i> |
| 14:15 - 15:30 | Session I - Entomology and Immunology / What is allergy? |
| 14:15 - 15:00 | Large local as protective mechanisms |
| 15:00 - 15:30 | What stings where in the world? |
| 15:30 - 16:00 | Coffee break |
| 16:00 - 18:00 | Session II - Natural history of hypersensitivity reactions to stings and quality of life: who is at risk and risk perception |
| 16:00 - 16:15 | Quality of life |
| 16:15 - 16:45 | Natural history of large local reactions and sensitization in children and adults
<i>Dario Antolin Amerigo, Spain</i> |
| 16:45 - 17:15 | Natural history of systemic reactions (dermal and more than dermal reactions) in children and adults |

- 17:15 - 18:00 Preventive options and Who is at risk?
- 18:30 - 21:30 Welcome reception including social programme

Friday, 12 April 2019

09:30 - 11:30 Session III - Diagnostic Tools

- 09:30 - 10:00 Hymenoptera venoms: composition, standardization and stability
- 10:00 - 10:20 Sensitivity and specificity of skin tests
Gunter Sturm, Austria
- 10:20 - 10:45 Diagnostics with allergen components and cut-off values
Markus Ollert, Luxembourg
- 10:45 - 11:05 Cellular test
- 11:05 - 11:30 How to deal with cross-reactivity
Thilo Jakob, Germany
- 11:30 - 12:00 Coffee break

12:00 - 13:30 Session IV - Risk factors and Mastocytosis

- 12:00 - 12:45 Risk factors for severe reactions
- 12:45 - 13:30 Mastocytosis as a risk factor
Patrizia Bonadonna, Italy
- 13:30 - 14:30 Lunch & Poster discussion Session

14:30 - 16:00 Session V - Venom immunotherapy

- 14:30 - 15:00 Venom immunotherapy across the world
Beatrice Biló, Italy
- 15:00 - 15:30 Long term efficacy of venom immunotherapy
- 15:30 - 16:00 Efficacy and necessity of VIT in Mastocytosis
David González De Olano, Spain
- 16:00 - 16:30 Coffee break

16:30 - 18:30 Session VI - Practical workshops

- Topic 1: Mastocytosis as separate disease entity
- Topic 2: Different treatment schedules and dealing with side effects
Dario Antolin Amerigo, Spain
- Topic 3: Difficult cases
- 19:30 - 22:00 Dinner and social programme

Saturday, 13 April 2019

08:30 - 10:30 Session VII - Behind the scenes of insect hypersensitivity

08:30 - 09:15 Insect stings and bites: not only Hymenoptera

09:15 - 10:00 Mechanisms of allergy: how does early and long VIT protection work

10:00 - 10:30 Oral abstract presentation from participants

10:30 - 11:00 *Coffee break*

11:00 - 12:30 Session VIII - Open issues

11:00 - 11:30 EADOAS Study

11:30 - 12:00 How to deal with bee venom allergy?
Markus Ollert, Luxembourg

12:00 - 12:30 Open questions and future strategies in insect venom allergy

12:30 - 12:45 Closing remarks
Hanneke Oude-Elberink, The Netherlands | Dario Antolin Amerigo, Spain
