EAACI Knowledge Exam 2022 – Official Guide

The **EAACI/UEMS Knowledge Exam** is entirely dedicated to allergology and clinical immunology, and aims to further improve the standards of our specialty. In order to make this exam accessible to a wider audience at the safety of your own home, we decided to use a fully digital set up incorporating the latest proctoring levels to guarantee highest security.

This presentation will guide you through the different aspects of an online examination, its peculiarities and unique features. Read this guide carefully as it is your main source of information.

We thank you for the interest in the EAACI Knowledge Exam in 2022 and wish you the best of luck in your application!

Candidate's Experience - Proctoring Solution

In order for EAACI to ensure a safe and fair evaluation process, EAACI has partnered with ProctorU, an online and virtual proctoring service. The provider creates a locked-down testing environment for students, designed for remote, high-stakes exams, as it provides an additional layer of security and oversight that some faculty may want for their courses. For you to better understand how this tool works, we invite you to watch the video below and get familiarised with the system:

<https://www.youtube.com/watch?v=6pCeHnNokmM>

Candidate's Experience – Exam Software

Many candidates may have never taken an online examination before. We want to make sure you are ready and aware of the system being used at the EAACI Knowledge Exam 2022, therefore we kindly invite you to watch the video and get acquainted with the online exam software.

Technical Requirements

To take an online examination your equipment must meet the minimal technical requirements. These technical requirements are described on the ProctorU® website:

<https://www.proctoru.com/live-plus-resource-center#system>

Beside you will find a table containing clear technical requirements to ensure a successful experience with the proctoring solution:

TYPE	MINIMUM	RECOMMENDED
Chromebook Users	Chrome device is running the latest version of Chrome OS.	Chrome device is running the latest version of Chrome OS.
Internet Connection	Wifi Connection	Wired Connection
PC Users	Windows 8 (Windows 10 S mode is not supported)	Windows 10 (10 S mode is not supported)
Mac Users	macOS 10.13 (Oldest Still Maintained Version)	MacOS 10.15
CPU	more than 2 core CPU less than 85% CPU Usage	more than 4 core CPU less than 50% CPU Usage
Webcam	640x480 resolution	1280x720 resolution
Internet Download Speed	1 Mbps	12 Mbps
Internet Upload Speed	1 Mbps	3 Mbps
RAM	4 GB less than 90% Ram Usage	16 GB less than 70% Usage
Connectivity Ports	1935, 843, 80, 443, 61613, UDP/TCP	1935, 843, 80, 443, 61613, UDP/TCP
Screen Resolution	1366 x 768	1920 x 1080 and above

Technical Requirements – macOS users

Apple introduced new security features with the release of OS Catalina and these also apply to Big Sur. If you are running macOS Catalina - version 10.15 or later - or, any version of Big Sur, you must grant Google Chrome or Firefox access to the new screen recording permission in order to share your screen for a proctored session with ProctorU®.

For candidates who will take their exam on macOS computers, please find specific technical information available here:

<https://support.proctoru.com/hc/en-us/articles/360036574592-MacOS-X-Catalina-And-Big-Sur-Users-Important-Notice>

Technical Requirements – Test your equipment

All candidates are required to perform a test of their equipment in advance of the exam day (available from your ProctorU® account).

**After reviewing the requirements below log into your ProctorU account
TEST YOUR EQUIPMENT HERE.**

If your equipment does not pass the test, please contact ProctorU® to receive the appropriate technical support.

Online Proctoring – General Exam Rules

General aspects

- Have a personal computer on which you have administrator rights
- Have a strong, stable, secured and personal internet connection

During the Exam

- An ID document with photo is required during the identification procedure
- No breaks are allowed – you must be in front of your camera at all times during the exam
- You cannot use pen or paper
- You cannot use your phone
- A calculator is integrated in the exam software should you need it

Exam Room

- The room must be well-lit, clear and you must be visible at all times
- Your desk must be clear of any unauthorised materials
- Make sure you take the exam in a quiet, private space

Any questions?

Our mission is to make sure you are fully prepared for the EAACI/UEMS Knowledge Exam.

In case you have questions regarding the exam itself, want to have information regarding application fees or want to start getting ready to the exam with our selection of preparation content, please refer to the EAACI website under:

<https://www.eaaci.org/education/exam>

For more information and support regarding the ProctorU® proctoring solution, please refer to the provider website under:
