

EAACI Congress 2019

Daily Poster Winners

Sunday, 02.06.2019

| Code | Presentation | PID | First Name | Last Name | Country |
|-----------|--|----------|------------|------------|---------|
| LB PDS 01 | LOU064: A highly selective and potent covalent oral BTK inhibitor with promising pharmacodynamic effects in skin | LBPD1718 | Julian | Storim | |
| LB PDS 02 | Single dose beta-lactam oral challenge in a low risk paediatric cohort: Parental satisfaction and possibility of replicating in primary care | LBPD1738 | Hilary | Allen | |
| LB TPS 01 | Cross reactivity to cephalosporins and carbapenems in penicillin allergic patients | LBTP1817 | JAVIER | DE VICENTE | |
| LB TPS 02 | Omalizumab Treatment in Children With Chronic Spontaneous Urticaria: Efficacy and Safety | LBTP1837 | Melike | Kahveci | Turkey |
| LB TPS 03 | Study of the effects of Pru p 3 sensitization in the MALT | LBTP1847 | JAIME | TOME AMAT | |

Daily Poster Winners

Sunday, 02.06.2019

| Code | Presentation | PID | First Name | Last Name | Country |
|--------|---|--------|------------------|------------------|-------------|
| OAS 01 | House dust mite priming enhances rhinovirus-induced inflammasome activation in asthma | OA0005 | Urszula | Radzikowska | Switzerland |
| OAS 02 | no prize suitable | | | | |
| OAS 03 | Acquired C1-inhibitor deficiency with recurrent angioedema: Spectrum and treatment with C1-inhibitor concentrate | OA0013 | Konrad | Bork | Germany |
| OAS 04 | ARTEMIS: A European, phase 3, randomised, double-blind, placebo-controlled trial of AR101 in peanut-allergic children and adolescents aged 4-17 | OA0023 | Maria Montserrat | Fernández-Rivas | Spain |
| OAS 05 | Autophagy in vernal keratoconjunctivitis and the role of TNF-alpha | OA0026 | Rocco Luigi | Modugno | Italy |
| OAS 06 | Anaphylaxis in patients with cold urticaria: Data from a mediterranean country | OA0035 | Maria | Pasali | Greece |
| OAS 07 | Ketorolac nasal challenge and aspirin treatment in patients with aspirin exacerbated respiratory disease | OA0037 | Teresa | De Aramburu Mera | Spain |
| OAS 08 | Aetiopathogenesis of severe cutaneous adverse reactions (SCARS) in children: A 9-year experience in a tertiary-care paediatric hospital setting | OA0046 | Francesca | Mori | Italy |
| OAS 09 | Climate change and air pollution their impact on atopic dermatitis patients | OA0051 | Vincenzo | Patella | Italy |
| OAS 10 | Dietary acid load: A novel nutritional target on the children's obese-asthma phenotype? | OA0060 | Pedro | Cunha | Portugal |

EAACI Congress 2019

Daily Poster Winners

Sunday, 02.06.2019

| Code | Presentation | PID | First Name | Last Name | Country |
|--------|--|--------|------------|-----------------|----------------|
| PDS 01 | Probable sevoflurane-induced perioperative anaphylaxis in a child: Case report | PD0209 | Ekaterina | Khaleva | United Kingdom |
| PDS 02 | Dual-role of Bet V 1 ligands in the processing by endolysosomal proteases | PD0220 | Wai Tuck | Soh | Austria |
| PDS 03 | Electronic registration of hereditary angioedema attacks unmask a higher severity of the disease | PD0240 | Francesca | Perego | Italy |
| PDS 04 | Probiotic peanut oral immunotherapy (PPOIT) induced long-term sustained unresponsiveness is associated with reduced peanut-specific humoral immune responses | PD0254 | Mimi | Tang | Australia |
| PDS 05 | Changing pattern of positive penicillin skin test from 1998 to 2017 in a large united states medical center | PD0259 | Dayne | Voelker | United States |
| PDS 06 | Transcriptome and immunohistochemistry expression of platelet activating factor receptor (PAF-R) in lesional skin (wheal) of chronic spontaneous urticaria (CSU) | PD0278 | Ana M | Giménez-Arnau | Spain |
| PDS 07 | Transcriptional changes during allergen specific immunotherapy in a mouse model of pru p 3 allergy | PD0292 | James | Perkins | Spain |
| PDS 08 | The impact of age on histamine skin reactivity | PD0303 | Burçin | Beken | Turkey |
| PDS 09 | JAK1/3-inhibition preserves epidermal morphology in full thickness 3D skin models of atopic dermatitis and psoriasis | PD0314 | Inge | Kortekaas Krohn | Belgium |
| PDS 10 | Optimal dosing strategy of omalizumab in oral immunotherapy | PD0333 | Maxime | Paquin | Canada |

Daily Poster Winners

Sunday, 02.06.2019

| Code | Presentation | PID | First Name | Last Name | Country |
|--------|---|--------|------------|-----------------|-----------------|
| TPS 01 | Therapeutic challenge regarding refractory idiopathic erythema nodosum - a case report | TP0620 | Jorge | Lourenço | Portugal |
| TPS 02 | Serum level of eosinophil-derived neurotoxin: A biomarker for asthma severity in adult asthmatics | TP0647 | Youngsoo | Lee | South Korea |
| TPS 03 | Airway remodeling and small airway disease | TP0659 | Catalina | Cojanu | Romania |
| TPS 04 | no prize suitable | | | | |
| TPS 05 | IL-9 expression in ocular allergy | TP0700 | Mali | Eskandarpour | United Kingdom |
| TPS 06 | House dust mite-derived HODEs shape the development and progression of allergic airway inflammation | TP0719 | Nestor | González Roldán | Germany |
| TPS 07 | Impact of the body mass index in patients with mastocytosis | TP0733 | Aleksandra | Górska | Poland |
| TPS 08 | Bronchiectasis in severe asthma, a distinct clinical profile | TP0759 | Stephanie | van Loon-Kooij | The Netherlands |
| TPS 09 | Epinephrine auto-injector administration results in consistent delivery across subjects with different skin-to-muscle distances | TP0771 | Russ | Rackley | United States |
| TPS 10 | Asthma and severe obesity: Glucocorticoid sensitivity before and after bariatric surgery | TP0796 | marina | Bantulà Fonts | Spain |

EAACI Congress 2019

Daily Poster Winners Sunday, 02.06.2019

| Code | Presentation | PID | First Name | Last Name | Country |
|--------|---|--------|------------------|--------------|-------------|
| TPS 11 | Comparison of responses to nasal and whole lung allergen challenges in mild allergic asthmatic subjects with allergic rhinitis | TP0820 | Yanqing | Xie | Canada |
| TPS 12 | Inaugural hereditary angioedema in a child | TP0822 | Marisa | Paulino | Portugal |
| TPS 13 | Peamaclein (Pru P 7): Recombinant expression, physicochemical characterization and its application for component resolved diagnosis | TP0850 | Christoph | Nagl | Austria |
| TPS 14 | Evaluation of clinical characteristics and autoreactivity in CSU patients by ASST and BAT | TP0869 | João | Marcelino | Portugal |
| TPS 15 | Allergy to berries – two unusual cases | TP0895 | Dagmar | Jamiolkowski | Switzerland |
| TPS 16 | Short exposures and glove protection from (meth)acrylates in nail beauticians – thoughts on a rising concern | TP0903 | Francisca | Morgado | Portugal |
| TPS 17 | Surveillance of pollen-food allergy syndrome in elementary and junior high school children in northwest area of Saitama prefecture, Japan | TP0920 | Shunichi | Ogawa | Japan |
| TPS 18 | Humoral and cellular immune decline in a patient with CDC42 deficiency | TP0948 | Paria | Kashani | Canada |
| TPS 19 | Determination of the presence of component-resolved diagnosis and other relevant allergens in honeybee venom through mass spectrometry | TP0968 | Martínez-Gomariz | Montserrat | Spain |
| TPS 19 | Determination of the presence of component-resolved diagnosis and other relevant allergens in honeybee venom through mass spectrometry | TP0968 | Martínez-Gomariz | Montserrat | Spain |
| TPS 20 | Histopathological criteria for mastocytosis in the skin | TP0980 | Julia | Winkler | Germany |
