www.nestlehealthscience.com.

Nestlé Health Science, a wholly-owned subsidiary of Nestlé, is a health-science company engaged in advancing the role of nutritional therapy to change the course of health for consumers, patients and our partners in healthcare. Its portfolio of nutrition solutions, diagnostics, devices and drugs, targets a number of health areas, such as pediatric and acute care, obesity and diabetes, healthy ageing, gastrointestinal health, and inborn errors of metabolism. Through investing in innovation and leveraging leading edge science, we bring forward innovative nutritional therapies with proven clinical, health economic value and quality of life benefits. Nestlé Health Science employs around 4,400 people worldwide and is headquartered in Epalinges near Lausanne, Switzerland. For more information, please visit
