Nestlé Nutrition helps the next generation of children to develop their full potential and live healthier lives by providing high quality, innovative, science-proven nutrition solutions and education for mothers and infants in the crucial first 1000 Days’ of life. Together, nurturing a healthier generation. Nestlé Health Science is a health-science company engaged in advancing the role of nutritional therapy to change the course of health for consumers, patients and its partners in healthcare. Its portfolio of nutrition solutions, diagnostics, devices and drugs, targets a number of health areas, such as inborn errors of metabolism, pediatric and acute care, obesity care, healthy aging as well as gastrointestinal and brain health. In the field of food allergy, we aim to provide safe hypoallergenic products and tools for healthcare professionals to facilitate an earlier accurate diagnosis and use of appropriate products in line with existing guidelines.
