

Uriach

(Web: www.uriach.com/en/)

Uriach is a private Spanish pharmaceutical company based in the Barcelona area. In the pharmaceutical business for over 180 years, it is one of the leading domestic companies. Uriach has always been market by a strong entrepreneurial character, with an emphasis on scientific and commercial innovation. Over 60 years of continuous devotion to R&D and a team of highly qualified professionals have allowed Uriach to commercialize our products in more than 70 countries. Rupatadine, a new second-generation and potent antihistamine with PAF-antagonist activity is Uriach's contribution to the treatment of allergic conditions in children and adults.
